

# Class 6 Autumn Term 1 2021

## Take Away Homework Menu

Our homework menu gives you an opportunity to be more creative with your homework this half term and links with our topic. You will need to choose **three** pieces from the 'menu' below to complete over the half term-one **from each column**. After you have completed each one, bring it back to school. The 'Peri-ometer' shows the difficulty or challenge the homework may offer. It can even be a photograph or drawing of something you have done. All your three pieces need to be done by October half term. I will still be sending out weekly English and Maths homework each Friday to be completed by the following Friday. Spellings will be given on each Friday to be learnt for a test on the next Friday.

<u>History and Geography</u> <i>Africa &amp; The Ancient Kingdom of Benin</i>	<u>Science</u> <i>Forces and Magnets</i>	<u>Art, Design and Technology</u>
Design a travel brochure for a country in Africa	Make a game using magnets, like 'Operation' or a fishing game.	Research, cook and eat a traditional African meal/dish. Remember to take some photos.
Draw the flags of 10 countries in Africa. Make them into bunting.	Write an explanation (on paper or a computer program such as Word or Power point, to describe how a magnet works. Use scientific vocabulary and labelled diagrams.	Create a traditional African instrument and have a go at playing it.
Make an alphabetical list of the countries of Africa.	Make a poster to show and explain the different magnets used in everyday life in your home.	Make a model of an African animal, with moving parts, if possible.
Use an atlas to draw and label a map of Africa, showing the different countries.	Play a game that involves pushing and pulling, with another person or an object, such as a toy car.	Draw or paint a picture of a traditional African scene
